South Reading Youth Initiative Scoop

Every Tuesday the children travel to the Yocum Institute for Arts and Education to create their own play!

The kids are currently creating their own play from the ground up. This includes casting the characters, writing the script, making the props, performing, and managing backstage duties. They are doing all of this in only **8** weeks! Their play is called Adventure of a Lifetime and it will be performed on April 3rd. All parents and volunteers are invited!

Art Bombing with Susan Rehausser

On March 15th the kids made "Art Sparks" by collaging wooden triptychs with pictures and words that indicated their hopes and dreams. Their Art Sparks will be placed around the city as a surprise gift to Reading and the audience may respond to the artwork by email.

Thank you to the Nursing Students from Terri Adam's Transcultural Nursing class for doing "Healthy Lessons" presentations each Monday!
