GRADUATE PROGRAMS

ADMISSION CRITERIA AND PROCEDURES

ADMISSION CRITERIA

Quality of Previous Undergraduate and Graduate Work

The minimum requirements necessary for admission to Alvernia's MBA program will include an official transcript indicating that the applicant has earned an appropriate baccalaureate degree from an accredited college or university. A grade point average of 3.0 on a 4.0 scale for all previous undergraduate and graduate work is normally required for full acceptance. Students entering the program without extensive professional or academic business backgrounds may be required to complete leveling courses in key business subject areas: accounting, management and marketing, and economics and finance.

Letters of Recommendation

The strength of letters of recommendation from persons competent to judge the applicant's probable success in graduate school will be evaluated. Each applicant will submit three letters of recommendation. Letters from former professors, from employers or supervisors familiar with the applicant's professional experiences, or from religious or community leaders must be forwarded directly to the Alvernia University Schuylkill Center.

Scores on Nationally Standardized Examinations

Applicants must submit scores from examinations such as the Graduate Record Examination (GRE), Graduate Management Admissions Test (GMAT), or the Miller Analogies Test (MAT). Scores will be used to assess students' previous educational achievement levels and to evaluate their potential for meeting the demands of coursework at the graduate level. This requirement will be waived for Alvernia alumni, and other students who have earned bachelor's degrees five years or more prior to submitting an application.

Applicant's Statement of Academic and Career Objectives

The applicant must submit a one-page statement that summarizes the value of the program of graduate study for his/her personal and professional growth and development. Describing educational and professional experiences that will serve as the foundation for graduate study is encouraged, but not required.

Additional Evidence of Potential for Success as a Graduate Student

Academic or professional awards, special certifications, samples of scholarly or creative work, completion of specialized examinations, and personal interviews will also be reviewed as evidence of potential.

Résumé

Applicants are required to submit a current résumé outlining their professional and educational experiences.

Personal Interview (faculty request only)

After all the required application materials have been received, each applicant may be contacted to arrange for a personal interview. The interview will be requested by the MBA program coordinator.

Special Consideration of Applicant's Potential

Alvernia will weigh the evidence submitted by each applicant to assess the candidate's strengths and academic potential. Applicants to the MBA program will be admitted as described below:

Full Graduate Status: Students admitted to full graduate status must have submitted official documents demonstrating that they have earned a baccalaureate degree from an accredited college or university. These students must be fully qualified by the judgment of the Dean of the Graduate Programs. Students may opt for full-time or part-time enrollment.

Non-Degree Status: Students may enroll in graduate courses to earn graduate credit for professional certifications or professional development activities in their chosen field. These students must have earned a baccalaureate or other advanced degree from an accredited college or university. Certain other students may be admitted with non-degree status with the approval of the Dean of the Graduate Programs.

Retention, Completion, and Degree Requirements

Students with full graduate status must respond to a written offer of admission that specifies the date of entrance into the MBA program. This admission letter will serve as a permit-to-register for courses. In most cases, students will be offered admission for a five-year period.

Progress toward completing the graduate degree will be evaluated by each student's advisor on a regular basis. Students with full graduate status must achieve and thereafter maintain a cumulative grade point average of 3.0 or higher to be retained in the program. Students will not be allowed to participate in capstone activities unless they have achieved a cumulative grade point average of 3.0 or higher.
