Registered Student Organizations

Joining a Registered Student Organization (RSO) is one of the most exciting ways to make Alvernia feel like home. Whether you're looking to meet new friends, explore a passion, develop leadership skills, or simply try something new, there's a place for you.

Getting involved outside the classroom helps you build lasting connections, create unforgettable memories, and make the most of your college experience. Let's not forget those resume-building opportunities.

Your journey starts with saying "yes" to new opportunities—you never know where an RSO might take you!

Ready to find your place in the Pack?

The Involvement Fair is the perfect opportunity to explore everything Alvernia has to offer. On Thursday, August 27th, join us on the Quad for our Involvement and Employment Fair.

Meet current student leaders, learn about our Registered Student Organizations, ask questions, and discover groups that match your interests.

Whether you're looking to join a club, serve your community, compete, create, or lead, the Involvement Fair is the best place to get started.
