- Enroll in E-Refund

Optional Checklist Items

- Register for Pre-Orientation Camps
- Register for Free Summer Courses
- Sign up for ZeeMee

New Student Checklist

What is your New Student Checklist?

After paying your Enrollment Deposit, students' "Application Portal" turns into their "New Student Portal". This is where you can see all sorts of helpful information to prepare for your start at Alvernia.

From your New Student Checklist, Alvernia Logins, and links to helpful resources, students should be excited to log in and review all the amazing resources at their fingertips.

The New Student Checklist lives at the top of the Portal. With a progress tracker, you know exactly how much you have completed. You can also see how left to complete.

These tasks are critical for helping students feel prepared for Alvernia and making the transition smooth. You can prepare time to complete these items by looking at the completion time for each checklist item, noted on the right of each item.

Students are asked to complete their checklist items by their Connection Day date.

We use the information such as the Math Assessment and the Academic History Questionnaire to guide us in scheduling you for classes.

The optional checklist items are there to further assist students in the transition. We highly encourage students to review and sign up!
