Navigator

Jahfari Williams
Navigator

Collin Edmonds Jr.
Athletics Navigator

Academic Success Center Team

Carla Mannix
*Director of Academic Support
Services*

Lizette Peck
Director of Accessibility Services

Academic Systems

As an Alvernia student, you'll use a few key online platforms throughout your college experience.

Canvas is Alvernia's online learning platform and will quickly become one of the tools you use most throughout your college experience. Each of your courses will have a Canvas page where professors post syllabi, course materials, assignments, quizzes, discussion boards, announcements, and grades. Many instructors also use Canvas to communicate important updates, share class resources, and provide feedback on your work.

Self-Service is your student portal for managing many of the administrative aspects of your college experience.

Through Self-Service, you'll be able to view your class schedule, register for courses, review your semester bill and financial aid information, accept financial aid awards, view your academic progress, check grades at the end of each semester, and access important student records.

Outlook is your official Alvernia email account and the primary way the university, faculty, and staff will communicate important information with you. Becoming familiar with these systems now will help you stay organized and prepared for a successful start to the semester.

During New Student Orientation, we will help review these systems and more, to ensure you are ready for the semester ahead!
