Key Players on Campus

Starting college is an exciting milestone, but as a first-year student, arriving on campus and meeting so many new people can also feel overwhelming.

Along with your fellow classmates, Alvernia's faculty, staff, and student leaders are eager to welcome you and learn more about what makes you unique.

To help make your transition a little easier, we've highlighted a few key people you'll meet along the way. These individuals are here to answer your questions, offer support, and help you feel at home as you begin your Golden Wolf journey.
