Thursday, August 13, 2026 at
7:00pm

Alvernia Check-In

This will be our final event. Check in with Alvernia students and staff, ask questions about the semester ahead and so much more.

ZeeMee Events for Summer 2026

What is ZeeMee?

ZeeMee is a social platform designed to help prospective college students explore campuses, connect with peers, and build community before arriving on campus.

Created specifically for upper-level high school students navigating the college search process, ZeeMee allows students to engage with future classmates, current college students, and campus communities as they determine the right fit for their college experience.

At its core, ZeeMee recognizes that today's students are seeking connection and belonging even before their first day of college.

Alvernia recognizes that too, which is why we host events all summer long to help you connect with fellow Golden Wolves before Move-In Day and New Student Orientation even begin.

Join us for fun virtual activities like "This or That Challenge," "Trivia Night," and more! Get to know your peers, build meaningful connections, and start finding your place within the Pack before you ever step foot on campus.
