Sunday, August 23, 2026

- Mandatory Programming : 9:00am – 2:15pm

Move-In and New Student Orientation

As a residential student, you may be wondering what to expect on Move-In Day.

Here's how it works:

When you arrive on campus, you'll park in C Lot and head to the first check-in tent located outside Bernardine Hall. There, our Student Financial Services and Health Compliance teams will verify that you have completed all required items before moving in.

Once you're cleared, you'll continue to the Pavilion, where you'll be welcomed by members of the Alvernia community and receive your New Student Orientation materials. Before heading to your residence hall, you'll stop by the Residence Life station to pick up your room key and

receive final move-in instructions.

Commuters, don't worry—we didn't forget about you! Your check-in process is almost identical. The only difference is that you'll skip the Residence Life table at the end of the Pavilion and head straight into New Student Orientation Weekend.

Orientation Weekend is packed with fun and informative programs designed to help you feel confident and prepared as you begin your Golden Wolf journey.

Please note that there are required sessions each day of the weekend, so be sure to review your schedule when you receive it and plan your transportation accordingly.
