BSN Nursing

****Courses in red should be taken in the semester indicated****

12 credits in the major and 9 credits in the minor must be completed at Alvernia University

When pursuing a double major, you must have 12 distinct credits between the two majors.

Semester 1 – SPRING Freshman Level	Credits	Semester 2 - FALL Freshman Level	Credits
Alvernia University must receive by June 30 (for fall semester) or November 30 (for spring semester) an official report of "proficient" or higher on the ATI TEAS for each student intending to progress into sophomore-level nursing courses (NUR 209/210) in the next semester.

Prior to entering the first nursing clinical course (NUR 220), standardized health and safety training and all required background clearances must be completed. Students will receive further information about these requirements as they progress to the sophomore level. Nursing students are required to undergo a substance abuse test for the presence of drugs or controlled substances immediately prior to clinical rotations.

Academic Policy on **Eligibility for Participation of May Commencement Ceremony**

The academic policy, which the Registrar follows, is: A student who has 6 or less credits remaining to complete the degree may participate in the May Commencement Ceremony. The Graduation Application is available online in myAlvernia on the 'Academics' tab. Seniors must submit the Graduation Application to the Registrar's Office as follows: October 1 for May Graduation; December 1 for August graduation; and March 1 for December graduation.

If you have any questions, please call the Registrar's Office (610.796.8201)

Curriculum Sheets, EAB Navigate, and AUAdvise

The information on this page and the Curriculum Sheet is provided in AUAdvise - EAB Navigate as a static tool for discussion purposes when meeting with students to schedule courses. Degree Audit uAcheive remains the official source for each student's curiculum audit. Degree Audit uAchieve must be used together with the Curriculum Sheet to determine whether the information noted during scheduling meetings on the curriculum sheet remains accurate.

General Notes

- A minimum of 123 credits are required for graduation.
- Where appropriate, courses required for the major can be used to satisfy General Education requirements. However, the credits earned for these courses are applied to either Gen Ed requirements or the major, not both.
- Paths of Knowledge coursework may count towards major or minor requirements, but may not fulfill a second Mid-Level Liberal Arts Exploration requirement.
- Students are expected to follow the catalog requirements for General Education, the major, and additional requirements.
- A minor or second major within the areas listed under Paths of Knowledge automatically fulfills that area of the Gen Ed requirements.
- Students must complete 45 of their last 60 credits at Alvernia University
- Students must complete community service hours as part of the General Education Program

Major Notes

The following requirements apply:

- Achievement of a "C+" or better in each nursing (NUR) course. Students may repeat/delete only one nursing course throughout the nursing program.
- Students who receive a grade of less than a "C+" in a nursing course may not progress in nursing courses for which that course is a prerequisite.
- Achievement of a "C" or better in each required science course. Students may repeat no more than three required foundational science courses (including BIO 107, BIO 117, BIO 108, BIO

118, CHE 106, CHE 109, and BIO 220) in order to earn a passing grade of at least a "C" and may repeat no single science course more than one time.

- Students who receive a grade of less than "C" in a required science course may not progress in nursing courses for which that science is a prerequisite.
- Students may not withdraw from any single NUR course more than one time and may not withdraw (without receiving a grade) from more than two total NUR courses during the time they are enrolled in the nursing program. 238
- Maintain a cumulative GPA of 2.5. Students whose cumulative GPA falls below 2.5 will be placed on Nursing Department academic probation for one semester and may be academically dismissed from the Nursing Program if the GPA does not meet the minimum standard by the end of the next regular semester.
- Successful completion of ATI Computer Assessments as specified in course syllabi.
- Students must display professional, ethical behavior in the classroom and clinical setting as outlined in the BSN Student Handbook.
- Adhere to policies found in the BSN Student Handbook, the Alvernia University catalog, and the Undergraduate Student Handbook.
- Students who fail to meet the BSN Program progression standards will be notified in writing by the Chief Nursing Officer of their dismissal from the program and referred to academic advising for assistance in selecting a new major. Students who do not drop any NUR courses from their class schedules within one month of this notification will be removed from these courses. Students who do not change their major within two months of such official notification will have their status changed to "Undeclared major" until they make a decision about their academic plan.

Degree/Major: BSN NURSING
