

ADVISING WORKSHEET: PSYCHOLOGY & COUNSELING- MACC

GENERAL NOTES

- A minimum of 123 credits are required for graduation.
- Credits earned for COM 100 and MAT 100 do not count toward the 123 credits required for graduation; however, COM 100 students may petition for elective credit.
- Where appropriate, courses required for the major can be used to satisfy General Education requirements. However, the number of credits earned for these courses are applied to either Gen Ed requirements or the major, not both.
- Paths of Knowledge coursework may count towards major or minor requirements, but may not fulfill a second Mid-Level Liberal Arts Exploration requirement.
- Students are expected to follow the catalog requirements for General Education, the major, and additional requirements.
- A minor or second major within the areas listed under Paths of Knowledge automatically fulfills that area of the Gen Ed requirements.

Notes for PSY/MACC Major:

- BS in PSY (123 credits) awarded at the end of the 3.5 years. The MACC curriculum comprises of 60 credits. (In case students decide not to continue to MACC, they will need to complete 9 credits of electives to complete 123 credits required for Bachelor's degree.)
- In order to enter the MACC Program within the accelerated program format, students must complete the following pre-admission criteria by the completion of their junior year (beginning of semester 6).
 - Overall GPA of 3.00 and a Psychology GPA of 3.00 (no PSY grade below a C).
 - Once students declare their intention to pursue the accelerated track, all MACC prerequisite courses (listed below) must be taken at a four-year accredited institution. If taken at another institution, only courses in which the student achieved a grade of "C" or higher will be accepted for the MACC requirements.
 - The repeat/delete option may be used only once for any MACC prerequisite course.
 - Students who have met the progression requirements will confirm their decision to accept their seat within the MACC Program by January 15 of the beginning of Semester 6, through written notification (letter of intent) to the MACC Program Director.

PREREQUISITES FOR MACC:

- 3 Courses: Introduction to Psychology, Psychopathology, Statistics or Research.
- GPA: 3.0

Admissions Information:

Bridge PSYCH and MACC Program Admission

Decisions regarding admission into the university will be made by the Office of Admissions. Admission into the PSYCH MACC bridge program (6 years) will be available to students who meet the criteria (3.0 high school GPA, 1100 SAT). Upon timely completion of ALL admission criteria, applicants will be offered admission into the university, and conditional admission into the graduate MACC Program, as determined by the maximum number of allotted seats in the program set by the university. Students within the accelerated bridge (6 years) format will follow a curricular plan in PSYCH, with MACC listed as the student's second major. At the beginning of semester 6, students submit a letter of intent to proceed into the MACC program to the MACC program director. Admission into the MACC program will be determined by the MACC admissions committee in accordance with the university admissions policies.

MAJOR NOTES

-BIO 109 is recommended. MAT 208 is the required Math course.

-CLEARANCES: In the semester before the practicum, the student must obtain appropriate background clearances. If the clearances are not on file in the Academic Compliance Office prior to the first day of the semester, the student will not be allowed to enroll in the practicum. If the student fails a clearance, the course instructor will attempt to place the student in a practicum which does not require a clearance. The practicum agency makes the final decision regarding acceptance of a student with their organization.

-Any student participating in an experiential component of the program (ex. Research with a faculty member, service-learning course, volunteer experience) may be required to obtain background clearances prior to participating.

OPPORTUNITIES FOR MAJORS

Psychology Club

The Psychology Club promotes interest in psychology and provides students with the opportunity to associate with other individuals who share similar interests. The club is open to all full-time students at Alvernia University and is a recognized organization of the Student Government Association. The Club sponsors lectures, career talks, get-togethers, Christmas on Campus, and service projects at area agencies. Dr. Erin Way, the faculty advisor, can be reached at erin.way@alvernia.edu or by telephone at 610-685-3257. You may also contact the Psychology Club officers through PAX.

PSI CHI International Honor Society

Psi Chi is an International Honor Society whose purpose is to encourage, stimulate and maintain excellence in scholarship of the individual members in all fields, particularly in psychology, and to advance the science of psychology. Psi Chi sponsors speakers on campus, organizes trips to psychology conventions, and hosts informal discussion groups to discuss graduate work and careers in psychology. The advisor, Dr. Di You, can be reached by email at di.you@alvernia.edu or by telephone at 610-796-8354.

The Washington Center Experience

Alvernia students have an opportunity to earn college credit by spending a semester or summer in Washington, D.C. where they serve as interns in a congressional office, government agency, major corporation, newspaper or news network, or agencies devoted to legal affairs, international relations, or business and economics. They also may intern with one of several non-profit groups dealing with the environment, women's issues, the arts, education, science, or labor relations among others. Participants are customarily juniors or seniors who have achieved grade point averages of 2.5 or better and who have the endorsement of the appropriate academic area. In addition to their internship, students select one seminar dealing with the arts and humanities, communication, public policy, the legal system, business, and government. Interested students should see their academic advisor.

Matriculation Year 2022-2023

General Education (54-55 credits)

First Year Curriculum: Enduring Questions	Credits Required	Course	Term	Grade	Credits Earned
SEARCH Seminar-Enduring Questions or Honor Search-Enduring Questions	3	SRH 101/ HNR 160			
COM 101: Composition & Research <i>(Must earn a C or higher)</i>	3	COM 101			
THE 105: Foundations of Theology	3	THE 105			
PHI 105: Introduction to Philosophy	3	PHI 105			

Mid-Level Liberal Arts Exploration	Credits Required	Course	Term	Grade	Credits Earned
EXPLORING THE NATURAL WORLD (6-7 credits)					
Lab Science (Biology, Chemistry, Physics) <i>BIO 109 is recommended</i>	3-4				
Math MAT 208 required	3	MAT 208			
INDIVIDUALS & COMMUNITIES (6 credits)					
History or Political Science	3				
PSY 101, HIS, POS, SOC, SSC, or ECON PSY 101	3	Met in Major Requirements			
CULTURE & LANGUAGE (9 credits)					
Communication <i>(Not COM 100 or 101)</i>	3				
World Language – 2 courses in sequence	3
